

Baptist Women resources and programs

spiritual formation, leadership, discipleship

SISTERS IN STRENGTH

Held on the last Thursday of every month (except summer), these are times of spiritual formation, leadership development, sharing, prayer and more . . . for women leaders across our CBOQ churches. This program is for leaders who want a safe space in which to grow their souls, develop leadership skills and find support in ministry. Led by Tracey Bagley.

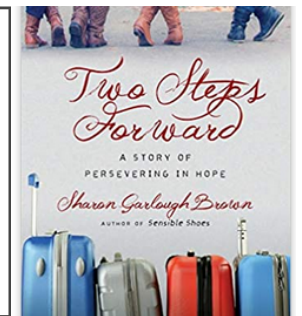

UPTICK BAPTIST WOMEN

Uptick Baptist Women is a one-year discipleship experience for young female Kingdom leaders with a heart for Jesus as they serve and mobilize their communities. Meghan Matthews facilitates the upcoming 2023/2024 cohort.

SENSIBLE SHOES BOOK CLUB CONTINUES

Join us on this sacred journey as we discuss *Two Steps Forward* - book two in the Sensible Shoes series; read Scripture; and reflect on questions that encourage our attentiveness to the Holy Spirit. Each time we gather we are invited to meet God and find encouragement for the path ahead. Begins mid fall. There will be an evening and an afternoon study. Led by Tracey Bagley.

SOUL SISTERS - FOR THE SOUL OF A WOMAN

This community of women will come to know and encourage one another as God's Beloved. In this supportive community, women will learn to share their spiritual lives; learn to hear God's voice; and begin to answer God's call on their lives. Soul sisters [re]claiming their intimate connection to God will become women whose transformed lives impact their families, neighbourhoods, workplaces and the world. Sessions begin in the fall.

Baptist Women resources and programs

prayer, community, mission

COMPLETE

A one-year transformational discipleship program for women at any age and stage. Complete is intended to ground you in your identity as God's beloved and allow you to explore characteristics of Christ into which you may mature. Our desire is that this program becomes a catalyst for deep spiritual transformation and maturity. Led by Hilary Vanderwater and Joan Peacock. Registration for 2024 opens in December.

PRAYER NETWORK

This program disciples women in the practice of intercessory prayer. If you've been feeling the Spirit's nudge to start an intercessory prayer group at your church, or would love to see women equipped to pray for others, then this experience is for you. A second cohort begins this fall and registration opens in August. Led by Renee James and Shelley Neal.

LIVE MAGAZINE

More than a magazine, it's a ministry. Live magazine kept us connected in vision and spirit through the months of lockdown and social distancing. Fresh design and relevant timely content on mission, social justice issues, spiritual formation and more makes this a magazine worth reading and gifting. \$20/subscription (5 issues)

MISSION

Mission follows any encounter with Jesus. This means that we go out to engage and love our neighbours, our towns and cities ... wherever God nudges us to serve and proclaim the Good News. From strategic giving to overseas projects, to resources focused on helping you re-engage with your communities, Baptist Women helps you keep your intimate connection to mission unshaken.
